

15th International Symposium on Pediatric Neuro-Oncology

June 24 – 27, 2012
Toronto, Canada

Tuesday, July 24, 2012

Mrs. Kim Doron

Dear Kim:

With this letter I would like to express my sincere gratitude for your generous sponsorship in support of the Rhabdoid Tumour Session at the 2012 International Symposium on Paediatric Neuro-Oncology. The meeting was a great success with nearly 1,000 participants from 59 different countries. The quality of the presentations was phenomenal, and the feedback from the participants was wonderful.

As for the Rhabdoid Tumour Session, Charles Robert gave an outstanding keynote lecture. As promised, as an introduction to Dr Robert's lecture, it was stated that the keynote lecture was sponsored by Tali's Fund in memory of Tal Esther Doron. The session itself was very well attended and the quality of the presentations was fantastic. As you certainly imagine, events such as these would not happen without financial support and in particular sponsorship that allows us to keep the registration fees affordable, or to invite keynote speakers. For this I am truly appreciative of everything you have done to support this meeting. ISPNO remains amongst the most important conferences that benefit paediatric brain tumour research.

I cannot thank you enough for everything that you have done and continue to do to fight for our cause.

With best wishes and many thanks,

A handwritten signature in black ink that reads "Eric Bouffet".
